The North Carolina ArcGIS Users Group (NCAUG) is pleased to announce its call for submissions for oral presentations at the Annual 2011 Fall Conference. The 2010 Fall conference was another great success. Abstracts on any GIS topics are invited, as we would like to showcase the cross-disciplinary and collaborative nature of the subject; abstracts that focus on this year's conference theme "Innovation in GIS: Building our Future" are highly encouraged. Presentations will be grouped into themed sessions; there will be special sessions for Student presenters, Vendors, and sessions focused on our theme. Please include ALL presenter names and affiliations, as well as the corresponding author's e-mail address and phone number.
