

GEOSPATIAL SERVICES – NORTH CAROLINA

In a world of ever-changing technology, our experts are driven to deliver the full benefits of geospatial solutions to our North Carolina partners and clients.

Knowing that results are critical on each project, we strive to help our clients achieve their goals to be better informed, manage assets more wisely, visualize change, predict the future, plan a better community, be more resilient, make it safer today and tomorrow, or simply to be more certain of their actions.

Our clients represent numerous national governments, states, counties, municipalities, and commercial organizations. Our teams are a blend of senior experts and young professionals, collaborating on new innovations every day.

With hundreds of staff across North Carolina, we take great pride in our ability to create multi-disciplinary teams to tackle the most challenging of projects—leveraging geospatial technology and resources to the full extent.

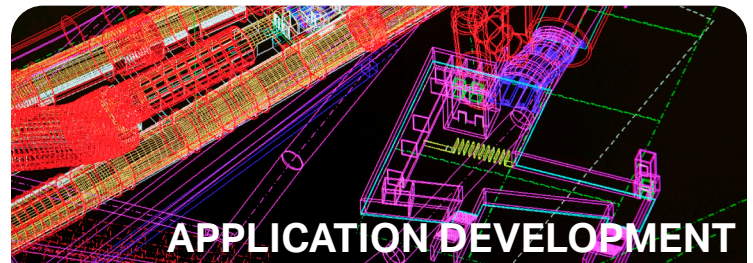

Since 1990, AECOM has provided geospatial based solutions to North Carolina government agencies and commercial clients. Our staff include more than 50 fulltime GIS Specialists based in North Carolina and are led by experienced GIS project and technical managers, having at least 20 years of experience in the GIS Profession.

About AECOM

AECOM is the world's trusted infrastructure consulting firm, delivering professional services throughout the project lifecycle – from planning, design and engineering to program and construction management. On projects spanning transportation, buildings, water, new energy and the environment, our public- and private-sector clients trust us to solve their most complex challenges. Our teams are driven by a common purpose to deliver a better world through our unrivaled technical expertise and innovation, a culture of equity, diversity and inclusion, and a commitment to environmental, social and governance priorities. AECOM is a Fortune 500 firm and its Professional Services business had revenue of \$13.3 billion in fiscal year 2021. See how we are delivering sustainable legacies for generations to come at aecom.com and [@AECOM](https://twitter.com/AECOM).

North Carolina Presence

We are closer to serving you with offices in Wilmington, Raleigh, and Charlotte.

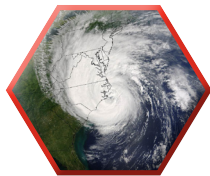

Industry Focus

In many cases our services transcend industries that we have served over the decades, it's what gives us an edge, the power of combining geospatial offerings with AECOM disciplinary specialists for the industry they serve, so we can focus on the business at hand.

LOCAL & STATE GOVERNMENT

ENVIRONMENT

EMERGENCY MANAGEMENT

WATER

TRANSPORTATION

DEFENSE

AECOM, an Esri Cornerstone Partner

AECOM was recently awarded the Esri Cornerstone award, to celebrate our partnership of 20 years and to acknowledge AECOM's commitment and consistent dedication to the use of geospatial technology and the advancement of the GIS community. AECOM also enjoys being acknowledged for several Esri Special Achievement Awards, in partnership with our clients.
